Overview of the Student Handbook

This handbook is prepared for the convenience of students. College of Coastal Georgia reserves the right to change its policies without notice. Although every effort is made to insure accuracy, in the case of any divergence from or conflict with the Bylaws of the Board of Regents, the official Bylaws of the Board of Regents shall prevail.

The statements set forth in this handbook are for informational purposes only and should not be construed as the basis of a contract between a student and this institution. While every effort will be made to insure accuracy of the material stated herein, College of Coastal Georgia reserves the right to change any provision listed in this handbook, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of such changes. Information regarding academic requirements for graduation will be available in the offices of the Registrar, Vice President for Academic Affairs, and the Director of the Camden Center. It is the responsibility of each student to keep apprised of current graduation requirements for a degree program in which he or she is enrolled.

Student Right to Know

College of Coastal Georgia publishes information regarding graduation rates and campus security in order to be in compliance with federal law. The College will publish two separate lists, and these lists will be made available to students on the College website at: http://www.cccga.edu/OIE/HEOA/.

The Campus Security Report (CSR) statistics are derived from incident reports initiated and maintained by the Campus Police Department. Data are compiled each calendar year, and the CSR is published and disseminated in January; interim reports may be published throughout the academic year. For brevity in the CSR, only those crimes recognized under the Student Right to Know Act are included. Incidents such as petty theft (the most prevalent on-campus criminal activity) and other less serious offenses are not enumerated.

The graduation/completion rate of new full-time students who are seeking a degree or certificate and the percent of students who complete the requirements for a degree or a certificate within a designated time will be published by the College and made available to students before they incur any financial obligation with the College. A similar graduation/completion rate of full-time students who participate in intercollegiate athletics will also be published by the College. These statistics will also be made available to students before they incur any financial obligation with the College. These statistics will be presented by gender and by ethnic origin. The College will publish these statistics on or about July 1 of each year.
Introduction
A statement of Student Rights and Responsibilities stands as the philosophical foundation for the Code of Conduct at College of Coastal Georgia. This statement recognizes that students have both rights and responsibilities that are protected as members of the college community and as citizens. The Code of Conduct can be accessed online at: http://www.ccga.edu/StudentAffairs/

Student Rights and Responsibilities
Students are not only members of the academic community but are also members of the larger society. Students, therefore, retain the rights, guarantees and protections afforded to, and the responsibilities held by, all citizens. A student is not immune to prosecution by local, state, or federal law enforcement agencies irrespective of whether the College initiates judicial proceedings in a given situation. As members of the College community, students have a responsibility to know and follow the College conduct regulations. Violations of these regulations will result in action by the Dean of Students.

As would be expected, standards for CCGA students are higher than those of communities not engaged solely in scholarly pursuits. Not every situation a student may encounter can be anticipated in a written document. Therefore, students are expected to act in a manner that demonstrates integrity and respect for others and the campus environment.

College of Coastal Georgia attempts to provide equal opportunity to all students and applicants for admission without regard to race, creed, color, sex, sexual orientation, national origin, religion, age, veteran status, or handicap. The College does not discriminate against any student or applicant in regard to any position for which the student is qualified.

For those with physical or mental limitations, the College will provide reasonable accommodations. Handicapped students who have special needs should contact the Office of Disability Services, Campus Center (912-279-5806) to discuss their concerns and needs.

Any student who believes that he or she has been discriminated against because of race, creed, color, sex, sexual orientation, national origin, religion, age, veteran or handicapped status is encouraged to let appropriate authorities at the College know of this treatment. If the student chooses, he or she may file a grievance through the channels outlined in the College’s Harassment and Discrimination policy.

Family Educational Rights And Privacy Act (FERPA)
(Also found in College Catalog)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate. Students may ask the College to amend a record that they believe is inaccurate. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College of Coastal Georgia to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-5920

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a student’s prior written consent. If you do not want CCGA to disclose directory information without your prior written consent, you must notify the College in writing. CCGA has designated the following information as directory information: student's name; participation in officially recognized activities and sports; address; telephone listing; weight and height of members of athletic teams; electronic mail address; photograph; degrees, honors, and awards received; date and place of birth; major field of study; dates of attendance; grade level; the most recent educational agency or institution attended.

Privacy Rights
Students have the following privacy rights:

1. Person and Property. A student shall be free from searches and seizures of his person and possessions while on College property unless said search and seizure is conducted in accordance with state and federal laws. In cases of a clear and present danger, where there is probable cause, or it is believed to be necessary to conduct a search immediately in order to protect life or property, searches may be conducted by the College of Coastal Georgia Police department normally in the presence of the Vice President of Student Affairs or his authorized representative.

2. Disciplinary Records. A student's disciplinary record shall be kept in the Office of Student Affairs separate from academic records. It will remain confidential unless the student consents in writing to have it revealed. However, the vice president and dean of students may disclose the student's disciplinary record without the student's consent if legal compulsion or the safety of people or property is involved, or if the information is required by authorized College personnel for official use at the College. In these circumstances, only the information pertinent to the inquiry may be revealed. The vice president may also act without the student's consent to have a "hold" entered on the student's academic record file for the time that suspension or dismissal would prohibit the student from registering.
3. Academic Records. A student’s test data and academic record in the office of admissions office of the registrar shall be kept in secure files, separate and confidential, unless the student consents in writing to have it revealed to a designated person and for a designated purpose. However, by attending College of Coastal Georgia the student is giving permission for the distribution and use of his test data and all other academic records as the vice president for academic affairs deems necessary to accomplish the duties of his office as contained in the College Statutes. Without such release, no information will be revealed except to an appropriate authority and then only when there is a clear and imminent danger to an individual or to society, and such information will be limited to that which is directly pertinent to the reduction of that danger.

4. Student Health Services Record. Student Health Services medical, surgical and mental health records and information are strictly confidential and are not to be released to anyone without the student’s knowledge and signed authorization. Student mental health records are maintained separately in a confidential file. If it becomes apparent in the course of treatment that the student is likely to cause injury to himself or others, pertinent information to this extent may be revealed for protection of the student or others.

5. Vice President and Dean of Students records. Official records and information maintained by the vice president and dean of students are treated in a confidential manner. A student has the right to view his disciplinary records. Discipline and judicial records and the information contained therein will not be released except with the written consent of the student or as required by law. General information, such as the student's address, phone number, university classification, etc. is released upon receipt of a specific request, unless the student has requested that this "directory information" remain private. Requests for personal information such as date of birth, parents' names and addresses, social security numbers, etc. will be released on a show cause basis only. The vice president and dean of students are responsible for seeing that proper justification has been made.

6. Evaluation of Student Character and Ability. A student’s character and ability shall be evaluated only by those with personal knowledge of the student. Records containing such evaluations shall indicate when the information was acquired, by whom, and the position of the individual. Upon a student’s request to an individual faculty member or administrator, that student should be informed of all inquiries about that student directed to the faculty member or administrator and that judgments have been or will be given.

7. Subpoenaed Information. If presented with a subpoena to produce information about specific students and/or campus organizations, the recipient shall immediately notify the vice president and dean of students and forward to that office a copy of the subpoena. The vice president and dean of students shall immediately notify the students or student organizations involved, or use his/her best efforts to do so, and forward to them a copy of the subpoena by certified mail addressed to their last known address.

8. Non-Academic Information. Information about a student or a student organization’s political or social views or beliefs which faculty, staff, or administrators acquire in the course of their work as instructors, advisors, counselors, or supervisors is to be kept confidential, unless the student applies for a position that federal law requires the surrender of the right to withhold information from their representatives. Students may waive this protection by granting express permission to the relevant faculty, staff or administrator.
**Georgia Open Records**
Open records is state law requiring that public records be open and available for inspection by any member of the public. Public records include virtually all documents, papers, letters, maps, books, tapes, photographs, computer based or generated information, or similar material prepared, maintained or received in the course of the operation of a public office or agency. The College is a public agency; therefore it is subject to the act. An Open Records request for personnel or business records should be made by contacting the Director of Human Resources at 912.279.5740. An Open Records request for student records should be made by contacting the Registrar/Director of Admissions at 912.279.5730.

**Financial Responsibilities**
Students are responsible for meeting financial obligations in a timely manner to College of Coastal Georgia. The following stipulations apply in the event that responsibility is not met.

1. Financial obligations that are not met within ten days after the date due shall be reported in writing to the proper office. Obligations to any division or department of the College shall be reported to the office designated by the vice president for business and finance.
2. The appropriate business office shall notify the student of the financial obligations. If the student does not settle the obligation by the designated date on the notice, he shall be subject to regulations promulgated by the vice president for business and finance.
3. A student considered delinquent shall not be allowed to register, to transfer credits, or be certified for graduation.
4. If there is a dispute as to whether or not a student is legally liable for a financial obligation asserted by the College, and the student challenges such obligation through either timely administrative or legal means, then the sanctions with respect to registration shall not apply until final resolution of the dispute.

**Student Code of Conduct**

Students who enroll at College of Coastal Georgia are expected to conduct themselves responsibly and to pursue their studies with integrity. By enrolling at College of Coastal Georgia, students agree to comply with the College’s rules and regulations. These rules and regulations are outlined in the “Student Code of Conduct” found online at: [http://www.ccga.edu/StudentAffairs/](http://www.ccga.edu/StudentAffairs/)

**Off-Campus Activities and Behaviors**
College of Coastal Georgia is not responsible or liable for off-campus activities and behaviors; however, it reserves the right to take action in response to off-campus activities and behaviors that contradict the College’s interests and purposes. Students and student organizations are expected to conduct themselves as representatives of the College.

When a student is charged both with a criminal offense off campus and charged with a violation of the Student Code of Conduct or Honor Code at the College, the two processes are unrelated and conducted independently of each other. A student found not guilty in one setting may be found guilty in the other.

**Grievances (Non-Grade/Non-Harassment Related)**
There are times in which students have a grievance, complaint, or issue with another student, a faculty member, or a College staff member which is of a non-grade/non-harassment related nature. These grievances could include issues of intellectual diversity (when someone feels they have been treated unfairly by the institution because of their ideas or opinions on a specific issue). It is recommended in these situations that student follow these informal procedures:

1. In a situation where it is a grievance or complaint with a fellow student, students are encouraged to meet with the Vice President of Student Affairs. The Vice President or his/her designee will investigate the situation and assist the students involved in resolving the problem or grievance in a collaborative manner.
2. In a situation where it is a grievance or complaint with a faculty or College staff member, students are encouraged to meet one-on-one with the person with whom they have a complaint or issue in order to discuss the issue openly. If this does not resolve the situation, students should meet with the immediate supervisor or supervisors of the college personnel with whom they have the complaint or grievance. If the situation still is not resolved, students are encouraged to meet with the Senior Administrator in the employee’s chain of command.

3. If this informal process does not resolve the issue, students are encouraged to consider using the Alternative Dispute Resolution (ADR) Program. The ADR program is fully explained in this handbook. This program may provide mediation as an option to the parties involved at no cost to the student.

**Alternative Dispute Resolution (ADR) Program**

Various sections of this handbook refer to procedures for filing formal appeals or grievances. The formal procedures vary according to the nature of the problem. Unfortunately, formal appeals and grievances processes usually require a great deal of time and energy, result in high levels of frustration, and produce a less than satisfactory outcome for either or both parties. If a hearing must be conducted, both parties must spend a great deal of time preparing their statements, presenting witnesses and other data, and relying on another person or committee of persons to decide the outcome. At the end of the process one party “wins” and one party “loses.” This almost always further erodes the relationship between the parties. In addition, records of the proceedings are prepared and kept on file, limiting the confidentiality of the nature of the dispute. Therefore, prior to filing a formal appeal or grievance, persons with a complaint should consider using the College’s Alternative Dispute Resolution Program. Alternative Dispute Resolution, commonly referred to as ADR, involves using one or more dispute resolution processes as an alternative to the traditional appeals and grievance processes.

Alternative methods of dispute resolution may include one or more of the following:

1. frank and open discussion between the parties to dispel any miscommunication which may have occurred;
2. determining the “issues” to be resolved and negotiating with each other to reach an acceptable conclusion;
3. or participating in a mediation session with an objective third party. The third option, mediation, has been highly successful in the corporate world and is becoming much more widely used in educational settings.

ADR is an appropriate process to use regarding issues of intellectual diversity (when someone feels they have been treated unfairly by an instructor because of their ideas or opinions on a specific issue).

Mediation is a voluntary process in which an impartial third party facilitates communication and negotiation between the disputing parties in order to reach a mutually acceptable agreement. The mediator has no firsthand knowledge of the problem nor any preconceived ideas of how the dispute should be settled. The mediator does not maintain a record of the session—the only written document is the negotiated agreement which is given to both parties.

_A detailed brochure about the College’s Alternative Dispute Resolution Program is available in the Office of Human Resources located in Room 109-C in the Administration Building. Persons who wish to request mediation services may call 912-279-5740._

Cell Phone and Other Personal Electronic Devices
The carrying and use of cell phones, pagers, and other personal electronic devices are allowed in the
CCGA Brunswick and Camden Center. Users of these devices, however, must be attentive to the needs,
sensibilities, and rights of other members of the College community. Furthermore, the use of these
devices must not disrupt the functions of the College overall and its classrooms and labs. Students
participating in off-campus course related activities must follow the electronic devices policies of the
agency or organizations where they are visiting or working.

Cell Phones, pagers, other personal electronic devices must be off and out of sight in classrooms,
laboratories, the library, study spaces and other academic settings and during such events as plays,
concerts, lectures and College ceremonies. The term “laboratories” includes computer labs. These
devices may be turned on and set on silent mode only with the expressed consent of the
instructor. In addition, cell phones and other personal electronic devices incorporating a camera must
be turned off and out of sight in any area in which an individual has a reasonable expectation of privacy
such as restrooms, locker rooms, showers and other locations.

Beyond the basic College policy stated herein, faculty members, at their discretion, also may have strict
individual policies related to cell phones, pagers, and other personal electronic devices outlined in their
syllabi in order to provide and maintain a classroom environment that is conducive to learning and the
respect of others. These policies may include penalties for violation. If cell phones, pagers, calculators,
recorders, digital cameras, PDA’s, MP3 players or other personal electronic devices are used
inappropriately for the purposes of cheating or academic dishonesty, then the students who do so will
be penalized appropriately under the Academic Honesty policy of College of Coastal Georgia.

Facilities Usage Policies
No student shall make unauthorized entry into any College building, office, or other facility, nor shall any
person remain without authorization in any building after normal closing hours. Certain rooms on
campus are available in which students may enjoy a snack. However, where designated, eating and/or
drinking are prohibited. Facilities policies and guidelines may be accessed through the student
organization handbook at: www.ccga.edu/StudentLife and below:

Room reservations for student organizations can be made by contacting the Director of Campus Center
and Student Life whose office is located on the second floor of the Campus Center. Faculty and Staff
requesting space should contact the facility manager responsible for the space and submit their
reservation through the facility manager.

The following University System of Georgia Policies apply to use of Institutional Facilities and Property:

9.10.6 Use of Institutional Facilities/Property
The policy of the Board regarding the use of institutional facilities/property shall be as follows.

9.10.6.1 In Political Campaigns
The president of each institution may authorize the use of institution facilities for political
speeches. However, such use shall be limited to meetings sponsored by recognized
organizations of the institution and shall be held only at places designated by the president.
The use of USG materials, supplies, equipment, machinery, or vehicles in political campaigns is
forbidden (BoR Minutes, 1976-77, p. 257).
9.10.6.3 By Unaffiliated Outside Parties
When an outside party requests permission to use an institution facility for an event that is not contrary to the mission of the institution but which holds a potential for harm to the participants as a result of which a liability could be incurred, the president of the institution shall require the completion of a license agreement, including a properly executed indemnification and liability insurance agreement. An approved form of License Agreement may be obtained from the Chancellor’s Office.

9.10.6.4 For Personal Use
USG property owned by an institution shall be used only for institutional purposes. No USG employees shall permit such property to be removed from the campus of an institution for use on either a rental or loan basis for personal use (BoR Minutes, 1949-50, p. 109).

Free Speech
College of Coastal Georgia values and encourages the right of all members of our community to exercise free speech. The College supports the rights of all members of its campus community to discuss varying perspectives on complex issues. This is often known as intellectual diversity. Public speeches and assemblies can be valid expressions for dissenting opinions provided they do not disrupt academic and administrative functioning of the College. The College maintains a position of neutrality as to the content of any written or spoken material or presentation displayed on its campuses under this policy. The College expects members of the faculty, staff, student body and community to refrain from and discourage behaviors that threaten the rights, freedoms and respect that every individual deserves.

Procedures:
Notification and Request: Anyone wishing to hold an event or expressive activity on the College of Coastal Georgia’s property must submit a written request three working days in advance of the event. The request will be authorized by the Director of the Campus Center and Student Life or his/her designee (or the Director of the Camden Center at the Camden Center) and approved by the Vice-President for Student Affairs or the President’s Cabinet. Requests will be reviewed on the basis of assuring equal opportunity for all persons; preserving order within the College's property; and providing a secure environment to the individuals exercising freedom of expression. The College encourages and welcomes the expression of diverse opinions and viewpoints. However, if the presentation by any group or individual is determined to threaten the security of the campus and the safety of any member of the campus community, the request may be denied. The Office of Campus Police and any other appropriate administrative offices and administrators (including but not limited to the Office of the President and the Offices of the Vice-President for Business Affairs and Academic Affairs) will be notified upon receipt of a written request for an event or expressive activity.

Guidelines and Responsibilities:
Upon approval of a request those who are organizing the event or expressive activity must agree to the following guidelines:

Groups or individuals are expected to adhere to the College of Coastal Georgia’s student code of conduct, the laws of the state of Georgia and all federal laws. The College reserves the right to refuse to permit anyone to hold an event or expressive activity if they refuse to abide by these procedures and guidelines. Likewise, the College reserves the right to modify these guidelines if necessary to ensure the academic and personal rights of the students, faculty, and staff of the College. The designated agent or individual in charge of the event or expressive activity is required to sign in compliance with these guidelines; acknowledge that the College will not be held responsible for the actions of participants, and agree to make restitution for any litter or property damage that occurs during the event.
The College will designate a location for the event or activity to occur. All participants must remain within the designated location. Pointing out specific students for harassment or solicitation, obstruction, disruption or interference with authorized or scheduled college functions is prohibited. Sound amplification (including hand held devices) is not permitted without prior approval from the College administration. Sound amplification should be included in the written request by those desiring to have the event. In general, the use of sound amplification will not be allowed due to the disruption of classes and other academic activities. There will be no motorized vehicles. Upon completion of the approved activity, all signs, placards, litter and other materials must be removed by the group or individual.

**Requests for Political Speeches**

“The President of each institution may authorize the use of institution facilities for political speeches. However, such use shall be limited to meetings sponsored by recognized organizations of the institution and shall be held only at places designated by the president. The use of System materials, supplies, equipment, machinery, or vehicles in political campaigns is forbidden.” (Board of Regents’ Policy Manual, Section 9.10.06). Therefore, all requests for political speeches must be directed to the College of Coastal Georgia’s President for approval.

**Immunizations & Health Insurance**

The State of Georgia requires that all public institutions look for the following immunizations: Adult Tetanus for all students, Hepatitis B if you are 18 or younger, Chicken pox (or history of the disease) if you were born after 1980, and 2 doses of Measles, Mumps & Rubella if you were born after 1957. Check with your local health department or family physician to locate your records or to receive a new immunization.

Basic health services are available at the student health center on campus (see section on Student Health Center for more information). Major medical assistance is at the student’s expense through private physicians or at the nearby Southeast Georgia Regional Medical Center. Students are urged to have health and hospital insurance. There’s a student health insurance policy available to all University System of Georgia students. For more information on the student health insurance program offered through the University System, go to: [www.uhcsr.com/ccga](http://www.uhcsr.com/ccga)

**Student Complaints**

If a student has a complaint which is not specifically addressed in the College Catalog and Student Handbook, he or she should submit a written description to the department head who has responsibility for the area of concern. The department head or designee will investigate the complaint, take action if necessary, and respond to the student in writing. If the student is not satisfied with the department head’s resolution, he or she may then complain in writing to that individual’s immediate supervisor. Such appeals, if necessary, may proceed to the department head’s dean of college. In certain circumstances, students may also request mediation to resolve disputes with other students, faculty, and staff, as described in the College’s Alternative Dispute Resolution Policy. Students may also utilize the SGA Concerns Committee for concerns related to campus that impact the entire campus community.
Campus Policies for Student Organizations

Organization Registration & Classification
Organizations which may be registered to operate on campus include the following: (a) honors and leadership organizations and recognition societies; (b) departmental organizations; (c) special interest groups (political, service, religious, athletic, etc.). Registration of a student organization by the College shall neither constitute nor be construed as approval or endorsement by College of Coastal Georgia of the purposes or objectives of the organization.

Rights of Student Organizations
Students and student organizations are not only members of the academic community but are also members of the larger society. Students, therefore, retain the rights, guarantees and protections afforded to and the responsibilities held by all citizens. A student is not immune to prosecution by local, state, or federal law enforcement agencies irrespective of whether the College initiates judicial proceedings in a given situation. As members of the College community, students have a responsibility to know and follow the College conduct regulations. Violations of these regulations will result in action by the Dean of Students. As would be expected, standards for CCGA students and student organizations are higher than those of communities not engaged solely in scholarly pursuits. Not every situation a student or student organization may encounter can be anticipated in a written document. Therefore, students and student organizations are expected to act in a manner that demonstrates integrity and respect for others and the campus environment. To access the CCGA Student Code of Conduct, go to: http://www.ccga.edu/StudentAffairs/

Steps to Create a New Student Organization
Students may form an organization whose purpose and proposed activities are clearly related to the goals and mission of the college. Students seeking recognition for an organization should contact the Director of Campus Center and Student Life for information on the registration process.

Student Organization GPA Requirement
Registered student organizations will have a minimum grade point average requirement of 2.0 for general members and 2.5 for executive members (officers) as verified by their most recent semester GPA (not cumulative or institutional). More information about the Student Organization GPA requirement may be found in the Student Organization Handbook available in the Office of Student Life.

Procedures for Annual Re-Registration
Student organization advisors will receive re-registration forms no later than August 1 each year prior to the beginning of fall semester. Advisors are expected to consult with organization leadership to complete the re-registration forms, which include current contact information for organization leadership and advisor. Organizations submit the forms to the Office of Student Life on or before the established deadline.

Changes to Constitution/Local Charter
When student organizations update their constitution or charter (for nationally-affiliated organizations), a copy of the current constitution/charter should be supplied to the Office of Student Life. Once these changes are received by the office, official approval is obtained from the Student Affairs Council.

Advisors
For a faculty or staff member, advising a student organization is a great way to connect with students who have a similar passion or area of interest. Potential advisors should be aware of the time commitment and dedication it takes to fully support a student organization. If a staff or faculty member would like to become an advisor to a student organization, please contact the Office of Student Life.
**Financial Responsibility**
Financial responsibility is critical when operating a student organization. While the Office of Student Life will keep track of organization budgets, organizations must also keep a detailed account of all financial transactions. Organizations and advisors should be familiar with all USG and CCGA policies regarding state and institutional funds (refer to the Student Organization Handbook or USG Business Procedures Manual for more information).

**Fundraising**
The campus fundraising policy may be accessed at:
http://www.ccga.edu/Faculty/HumanResources/PoliciesProcedures/CampusFundraisingPolicy.pdf

**Hazing**
The College does not condone hazing in any form. Hazing is defined as any intentional, negligent or reckless action, activity or situation that causes another pain, embarrassment, ridicule or harassment, regardless of the individual’s willingness to participate. Such actions and situations include, but are not limited to, the following:
- Forcing or requiring the drinking of alcohol or any other substance;
- Forcing or requiring the consumption of food or any other substance;

**Organization Disciplinary Process**
Student organizations are held to the same standards in the CCGA Code of Conduct as individual students and violations will be adjudicated through the campus judicial process as outlined in the Code of Conduct. A copy of the Code of Conduct can be accessed at: http://www.ccga.edu/StudentAffairs/

In addition to CCGA policies, the following University System of Georgia policies pertain to student organizations:

**4.6.1 Withdrawal of Recognition of Student Organizations**
The Board of Regents has determined that the use of marijuana, controlled substances, or other illegal or dangerous drugs constitutes a serious threat to the public health, welfare, and academic achievement of students enrolled in the USG. Therefore, all student organizations, including but not limited to societies, fraternities, sororities, clubs, and similar groups of students which are affiliated with, recognized by, or which use the facilities under the jurisdiction of USG institutions, are hereby charged with the responsibility of enforcing compliance with local, state and federal laws by all persons attending or participating in their respective functions and affairs, social or otherwise.

As provided by the Student Organization Responsibility for Drug Abuse Act, any such student organization which, through its officers, agents, or responsible members, knowingly permits, authorizes, or condones the manufacture, sale, distribution, possession, serving, consumption or use of marijuana,
controlled substances, or other illegal or dangerous drugs at any affair, function, or activity of such student organization, social or otherwise, is hereby declared to be in violation of the laws of this state and shall have its recognition as a student organization withdrawn and, after complying with the constitutional requirements of due process, shall be expelled from the campus for a minimum of one (1) calendar year from the date of determination of guilt. Such organization shall also be prohibited from using any property or facilities of the institution for a period of at least one (1) year. Any lease, rental agreement, or other document between the Board of Regents or the institution and the student organization that relates to the use of the property leased, rented, or occupied shall be terminated for knowingly having permitted or authorized the unlawful actions described above.

All sanctions imposed by this policy shall be subject to review procedures authorized by the Board of Regents (Article VIII of the Bylaws).

An appeal to the Board of Regents shall not defer the effective date of the adverse action against the student organization pending the Board’s review unless the Board so directs. Any such stay or suspension by the Board shall expire as of the date of the Board’s final decision on the matter (BOR Minutes, 1989-90, p. 384).

All core courses are 1000- or 2000-level.

Co-curricular refers to out-of-class activities, programs, and learning experiences supervised and/or financed by the school, which provides curriculum-related learning and character building experiences. Co-curricular activities are voluntary, are not part of the regular school curriculum, are not graded and do not earn credits.

CO-REQUISITE
Courses that must be taken together in the same term are co-requisites. Courses that require co-requisites are noted in course descriptions printed in the Catalog.

COURSE REGISTRATION NUMBER (CRN)
A five-digit number allowing a student to register in COAST. CRNs are numbers assigned to each course and are different each semester.

CREDIT HOURS
The units of a degree program typically equal to the amount of time spent in class per week in a 15-week semester. Credits are awarded to students upon passing courses (earning a minimum grade of “D”). Courses can range from one to 12 credit hours, although most are three-credit hours.

DEGREE EVALUATION
Report available on COAST cross-referencing students’ unofficial transcript with the academic requirements of their major, or intended major (also known as a “What if” analysis).

DEPARTMENTS
Specific academic units within a school, to which faculty members belong and in which one or more majors may be located.

DIVISION
Division within a college which houses various academic departments and majors.
**DROP / ADD**
A period at the beginning of each semester during which students are able to drop courses for which they have previously registered and/ or add any additional available courses to their schedule. Usually ends on the fourth day of class in a 15-week semester.

**FULL- TIME**
Students taking 12 or more credit hours are considered full-time; however, students should take 15 or 16 credit hours each Fall and Spring semester in order to graduate in two years.

**MAJOR**
An academic course of study, with specific requirements, within an academic department. To graduate, students must have a major.

**MIDTERM GRADES**
Progress reports for first-year students issued at midterm. Students receive a grade of Satisfactory (the equivalent of a “C” or better) or Unsatisfactory (a grade lower than a “C”). Midterm grades are not permanent entries onto academic records; however, students receiving a “U” grade in a course at midterm should meet with their instructor and academic advisor in order to develop strategies for improving performance in the course.

**PREREQUISITE**
A course that must be satisfactorily completed prior to taking another course. For example, before taking ENGL 1102, a student must first pass (with a minimum grade of C) ENGL 1101. Prerequisites may be found at the end of course descriptions in the catalog.

**SCHOOL**
Division within a college which houses various academic departments and majors. Schools are led by deans. College of Coastal Georgia has five schools, three of which offer bachelor’s degrees.

**SEMESTER**
Unit of instructional time. Fall and Spring semesters are roughly 15 weeks in length. During the summer, semesters are condensed into fewer weeks, although the number of contact hours in the classroom and the amount of material covered stays constant.

**SERVICE LEARNING**
Service-learning is a credit-bearing academic experience in which students participate in organized service experiences that respond to a wide spectrum of community needs. It allows students to apply and test their academic learning through hands-on opportunities that also promote community interests.

**SYLLABUS**
Outline of course, listing the course description, learning objectives, attendance and grading policies, and the professor’s expectations. Some syllabi also contain detailed outlines of topics covered and due dates for specific assignments.

**WITHDRAWING FROM A COURSE**
Exiting a course after drop/add concludes. When done before the established deadline (roughly the 40th class day of the semester), students are not assessed an academic penalty, although withdrawing can create significant problems for financial aid and delay graduation. Withdrawing should only be undertaken with the advice of a student’s instructor, academic advisor and financial aid counselor.
