Grace House of Brunswick
Katie Briscoe, Jacquelyn Ferguson, Lauren Lovato, Holly Mcleod, and Jennifer Messer
Faculty Advisor: Kimberly Kinsey Mannahan

About Grace House
• Grace House is a faith-based peer support 12-step residential recovery program for women.
• The program requires a 9 to 12 month commitment from the residents.
• The house is 6100 sq ft. historic home in downtown Brunswick, GA.

Collaboration
• We worked closely with Linda Lowe, the Creator and Director of Grace House, and Assistant Director, Vic Haggard.
• We learned how the dream of this non-profit organization became a reality, and how it is maintained.
• We designed a project to best meet the women’ needs.

Our Project
• We designed and hosted an interactive Instructional cooking class for the women of Grace House.
• We also prepared a Cookbook keepsake for each resident containing detailed recipes.
• Additionally, we collected donations for Grace House throughout the semester.

Knowledge Gained
• Collaboration
• Non-profit organization and development
• Event Planning
• Time Management
• Benefits of Peer Support Groups
